MERN Stack Developer | Junior Full-Stack Developer

Early-career MERN Stack Developer and final-year BS Computer Science student with ~6 months of practical, project-based development experience. Builds responsive, accessible frontend interfaces in JavaScript, Tailwind CSS, and animation libraries (GSAP, Anime.js), shown across four independently built and deployed web applications on GitHub.

Experience

Web Development Intern, HerDev (Remote)

Aug - Sep 2026

- Built and refined web application features in a remote team environment, following coding standards and mentor feedback to deliver work on schedule.

Independent Projects, Practical MERN & Web Development

~6 Months, 2026

- Independently designed, built, and deployed four responsive web applications end-to-end, applying JavaScript, responsive design, and Git/GitHub workflows throughout (see Projects).

Projects

Ludo Royale - Client-Side Board Game

HTML5, CSS3, Tailwind, JS (ES2023), Anime.js | github.com/stackiud/ludo-royale

- Built a complete Ludo rules engine (capturing, safe squares, blockades) with heuristic AI opponents across 11 JS modules.
- Implemented an animated 3D dice, procedural Web Audio sound, and autosave/resume via localStorage.

Cashew - Personal Expense Tracker

HTML5, CSS3, Vanilla JS (ES Modules), Chart.js | github.com/stackiud/cashew

- Built expense tracking with client-side validation, localStorage persistence, and live Chart.js visualizations across 25 currencies.
- Designed a custom, keyboard-accessible dropdown and onboarding flow with native <select> fallback.

Transport Logistic - Logistics Company Website

HTML5, Tailwind, JS, GSAP | stackiud.github.io/transport-logistic | github.com/stackiud/transport-logistic

- Developed an 8-page responsive site with GSAP/ScrollTrigger scroll animations, an accordion FAQ, and a pricing toggle.

Wildflour Bakehouse - Bakery Landing Page

HTML5, Tailwind, Custom CSS | stackiud.github.io/wildflour-bakehouse | github.com/stackiud/wildflour-bakehouse

- Built a fully responsive, JavaScript-free landing page with a CSS-only mobile nav and a custom Tailwind brand theme.
